

DAIFNIS

A pop rock band where emotions...

... become music

THE BAND

Created in 2016, DAFNIS seeks to render emotions and culture, both particular to Bordeaux yet representative of communities across the world, into music.

With roots in both classical and traditional music combined with rock and pop influences, Eli (vocals, piano) and Anne (guitar) are inspired by their cultural identity to deliver a message of universality.

DAFNIS is a band of 4 musicians with vocals, electric guitar, piano, bass and drums.
